

# Kairos Health Systems Announces Keynote Speaker and Agenda for 18<sup>th</sup> Annual Conference & Exhibit

## PRESS RELEASE

September 11, 2019

Lancaster, PA – **Kairos Health Systems** <http://www.kairoshealthsystems.com/> (Kairos), the leading provider of senior care service payment solutions including payer contracting, quality and network performance, education and consulting; announces the keynote speaker and agenda details for its annual post-acute care member conference and exhibit being held on Thursday, September 26, 2019 at Spooky Nook Sports Conference Center, Lancaster, PA.

**Dr. Paul Nussbaum, Ph.D., ABPP**, the Founder and President of the Brain Health Center, Inc., an expert in neuroanatomy and human behavior with board-certifications in Clinical Psychology and Geropsychology with a specialization in Neuropsychology and Adjunct Professor in Neurological Surgery at the University of Pittsburgh School of Medicine is the keynote presenter at the 18<sup>th</sup> annual Kairos Member Conference. Nussbaum, with over 30 years of experience in the care of adults and older persons suffering from dementia and other neurobehavioral issues, has presented and published extensively on this topic and is set to present practical takeaways for healthcare providers on how to care for older persons in senior living care with neurobehavioral challenges. Doctor Nussbaum extensively educates the general public on the basics of the human brain and how to keep the brain healthy over the entire lifespan. He has presented his views on brain health at the United Nations, National Press Club, Mensa, Sirius Radio, and CSPAN. His keynote presentations are both informative and fun and he is often interviewed by the local and national press/media.

This year's program features thirteen (13) industry forums tailored to specific interests of the senior care industry and Kairos membership in the areas of health information technology, person-centered care approaches for residents with behavioral challenges and dementia, and post-acute care quality and financial improvement. Featured speakers in each of the three tracks include: **Kimberly VanHaitsma**, Associate Professor, Director, Program for Person Centered Living Systems of Care, College of Nursing, Pennsylvania State University, speaking on "**Creating Sustainable Person-Centered Care Approaches for Residents with Behaviors of Distress: An overview of the EIT4BPSD Intervention**"; **Michael Hollen**, President, The Asbury Group presenting: "**Emerging Technologies and Leveraging Data to Lead Innovation**" and **Charles Maines**, Senior Director of Contracting and Network Development, Kairos Health Systems presenting "**Quality Measure Benchmarks tied to Contracting: If it Isn't Measured, It Won't Change**".

Speaking of the Kairos Annual Conference, Jennifer Wimer, CEO for Kairos Health Systems shared "Besides the fantastic line-up of presentations and vendor exhibits, I always enjoy the networking opportunities with our 300+ attendees who represent leaders and practitioners from the best senior care service providers representing five (5) states".

The 18<sup>th</sup> Annual Kairos Member Conference and Exhibit takes place at Spooky Nook Sports Conference Center (75 Champ Boulevard, Manheim, PA 17545). In addition to the conference and networking opportunities, attendees have access to vendors and other industry experts. Prospective attendees can find more information on the program, registration and sponsorship on the Kairos Health Systems website.

Members of the media who are interested in attending and covering the conference should contact Anne Marie Williams, Director of Operations [awilliams@kairoshealthsystems.com](mailto:awilliams@kairoshealthsystems.com).

### **About Kairos Health Systems**

Kairos creates innovative solutions and resources to enhance the financial and operational performance of our members in post-acute care and drives high quality health outcomes for the populations they serve. We are the leader in provider contracting and value-based care consulting and are focused on simplifying and improving the evolution to value-based care for senior care service providers.
